

Lecture series 2022

Lecture 7-8pm

Q&A 8-8.30pm

\*Completing a task with efficiency

## An evening with...

**Serpil Djemal**

### **Intrusion**

**Tuesday 25<sup>th</sup> October 2022**

**Domain C**

Serpil is a Consultant in Restorative Dentistry at King's College NHS Trust. She used to lead the adult dental trauma service and has a wealth of experience in the management of dental trauma.

The adult dental trauma team at King's have been involved in treating thousands of traumatised teeth and they have published their experience both in peer-reviewed articles, as well as the book, *Dental Trauma: A practical guide to diagnosis and management* which was published in 2021.

She is founder chair of Dental Trauma UK and is an enthusiastic speaker.

#### **Aim**

The aim of this lecture is to describe the aetiology, clinical and radiographic presentation of intrusive luxation injuries and how they are managed using step-by-step guidance with real clinical cases.

#### **Objectives**

1. Outline the clinical features of intrusive luxation
2. Discuss the clinical and radiographic features of intrusive luxation
3. Describe the management of intrusive luxation

**Each evening will offer 1.5 hours enhanced CPD**
